

# Spare Parts Facilities

Aftermarket

# Global Spare Parts

At NOV we understand that spare parts are a critical piece of your uptime and reliability. We have built one of the most advanced Spare Parts Management Systems in the industry; NOV ensures your parts are where you are when you need them. With regional inventories and on-time delivery, we ensure your critical parts are on-hand when you need them.

## Features & Benefits

- Efficient scalable facilities
- State-of-the-art materials management systems
- Strategic locations with extended distributor networks
- Product availability with over \$1B in stock globally
- Flexible transaction options – from basic paper systems to customized ecommerce integrations.
- 24/7 availability with market leading on time delivery

**Note: In addition to the locations on the following pages, limited spare parts inventories are maintained in all NOV Service and Repair facilities globally.**
