

Wilco™ Additional Code and Non-code Vessels Design Portfolio

We have over 100 additional designs available in our code and non-code vessels portfolio. Contact us for further information regarding these designs.

Additional designs available

- 16-cf additive tank Wilco™ portable bulk plant
- 11-cf additive tank skid Wilco portable bulk plant low-pressure
- Dust collector 19-bag pv portable plant
- Dust collector 19-bag pv stationary plant
- 30-gal receiver tank
- 9.5-cf air receiver thermasource
- Dust collector 31-bag pv Canadian-registered
- Dust collector valves pv Canadian-registered
- Dust collector 31-bag pv stationary plant
- Dust collector 31-bag pv four manway
- 20-cf surge tank 710 transport
- 35-cf add tank on skid
- 35-cf add tank in ground
- 58-cf tank
- 80-cf sfb hebron
- 120-cu/ft sack cutter with table and skid
- 235-cf body load front
- 235-cf body load rear
- 310-cf tank 620 trailer 102-in. front
- 310-cf tank 620 trailer 102-in. front wingnut manway
- 310-cf tank 620 trailer 102-in. rear
- 310-cf tank 620 trailer 102-in. rear wingnut manway
- 330-cf tank 660 trailer 102-in. front
- 330-cf tank 660 trailer 102-in. rear
- 400-cf blend tank bulk plant
- 400-cf blend tank portable bulk plant
- 400-cf blend tank portable bulk plant with DC flange
- 400-cf scale tank bulk plant with DC flange
- 400-cf scale tank portable bulk plant with DC flange
- 400-cf waste tank portable bulk plant with DC flange
- 400-cf waste tank portable bulk plant with DC flange
- 422-cf tank 1600 trailer BH
- 422-cf tank 1600 trailer HES
- 422-cf tank 1600 trailer
- 422-cf tank 1600 trailer wingnut manway
- 700-cf blend tank bulk plant
- 700-cf scale tank pv -20°F with DC with bolt on platform
- 700-cf scale tank pv -20°F with DC with bolt on platform Keystone valves
- 700-cf scale tank pv -50°F with DC with bolt on platform
- 700-cf scale tank pv -50°F with DC with bolt on platform Keystone valves
- 700-cf scale tank pv -50°F with DC with bolt on platform
- 700-cf scale tank pv 24-nozzle with DC with platform
- 700-cf scale tank pv 24-nozzle with DC with bolt on platform
- 700-cf scale tank pv with DC with bolt on platform
- 750-cf scale tank pv with DC with bolt on platform
- 810-cf tank
- 970-cf LDSU
- 1,000-cf LDSU rect-tube skid-bottom manway
- 1,000-cf LDSU rect-tube skid-bottom manway female discharge
- 1,175-cf LDSU top manway
- 1,175-cf LDSU bottom manway
- 1,200-cf LDSU
- 1,300-cf LDSU DNV
- 1,350-cf LDSU without assembly
- V1,350-cf LDSU with assembly
- 1,500-cf tank
- 1,710-cf LDSU HES Canada
- 1,710-cf LDSU top manway
- 1,710-cf LDSU two manway
- 1,710-cf DNV LDSU two manway
- 1,710-cf DNV LDSU two manway low-pressure
- 2,000-cf ASME silo with skid-top manway
- 2,100-cf LDSU cone manway
- 2,100-cf silo, cone manway
- 2,100-cf waste silo, cone manway
- 2,400-cf LDSU without assembly
- 2,400-cf LDSU with assembly
- 2,400-cf tank storage
- 2,500-cf mud silo 85 psi
- 2,950-cf ASME silo with skid-top manway
- 3,000-cf ASME silo Nova Scotia
- 4,000-cf ASME silo flange in top Canadian-registered
- 4,000-cf ASME silo Canadian-registered
- 4,125-cf ASME silo internal fill/vent
- 4,125-cf ASME silo external fill/vent
- 2,400-cf waste silo Canadian-registered
- 3,000-cf silo Canadian-registered
- 2,400-cf silo Canadian-registered
- 200-cf sack cutter Canadian-registered
- Dust collector Wilco/Torit code with Weco valve/actuator
- Dust collector Wilco/Torit code with Floline valve/Matryx actuator
- 700-cf scale tank pv -20°F with DC with bolt on platform Keystone valves
