

Recirculation Water - Geothermal

Application: Recirculation water to geothermal facilities in the California desert.

Product: Centricast® RB-2530 - 12" Diameter

Features & Benefits: This systems has been in service for over 10 years and has suffered no adverse effects, either from internal corrosion or from external ultraviolet (UV) exposure in the hot desert sun. All Centricast piping comes with a 10 mil resin rich, reinforced external corrosion barrier that provides excellent corrosion resistance and protection from UV radiation. Centricast piping systems are warranted for 15 years against UV degradation of physical properties or chemical resistance.
